FOREWORD

Petersburg High School has been the silent spectator of the many scenes that occur in her halls. She has watched unsuspecting actors and actresses make their entrances, play their parts, and then exit. Her halls hold many fond memories of the year 1963-64. In this annual, an attempt has been made to capture and present the untold tales of our year.

The size of the high school has increased from 1000 to 1300 because of the addition of the eighth grade. There have been many problems involved with this increase, but all of the students have adjusted quickly. Provisions for this class have been made in all student activities.

The vocational training program, innovated this year, has been of great benefit to the community as well as the school. The purpose of this center is to train students as skilled technicians to be employed in industrial plants in the Tri-City Area.

Extra-curricular activities play a large role at Petersburg High. Through these, students get to know each other better while they pursue their own particular fields of interest. Two new clubs have been added this year. The National Honor Society held a tapping in the spring, and has already started several service projects. In addition, the Spanish Club was organized for students taking that language.

As the class of '64 makes its exit from the scene, each member realizes the significant contribution of Petersburg High School in his life. Nothing can eradicate the impressions of these of these formative years.

ON THE STAGE OF P.H.S. . . .

"All the world's a stage,
And all the men and women merely players,
They have their exits and their entrances,
And each man in his time plays many parts."

The comparison of Petersburg High School to a stage is clear cut in many ways, more subtle in others. Yet the analogy is apparent. Each student, teacher and staff member has a role to play, and he must perform well to insure the success of the production. From his entrance to his exit, an individual plays many parts, each of which contributes to making him a more well-rounded person. Through his efforts, the school becomes as much a part of him as he is a part of the school.

If the parts we have assumed have been well played, the credit goes to those who never let us down. From the eighth grader to the senior, every student tries to the utmost to be a benefit to his co-workers. Backstage, teachers and students alike work before the curtain rises, putting in long hours to make the performance run smoothly. When the curtain does rise on the stage of Petersburg High School, one knows that these efforts are being rewarded. The classes, the Student Council, individual club activities, and athletics all contribute to the entire picture of our school.

As the curtain falls on this stage, seniors look back with a feeling of nostalgia. But their spirits rise in anticipation as they look forward to a larger stage, one for which their high school career has them well prepared. Once again the curtain rises.

THE CURTAIN RISES . . .

Diane

Sophisticated seniors are the spectators as the eager, expectant newcomers arrive at P.H.S. The stage is set.

THE KINDEST MAN . . .

DEDICATION

"The kindest man,
The best-condition'd and unwearied
spirit
In doing courtesies."[1]

Mr. Sublett, senior advisor and chemistry teacher, has gained, by his enduring patience and understanding, the love and respect of all associated with him. In his own unique way, he makes everyone acquainted with him keenly aware of his interest in them. Each of his students has become a part of him, and he, a part of each student.

It would be impossible to mention all of this superlative teacher's contributions to Petersburg High School, but our dedication would not be complete without recognizing some of the more outstanding ones. There are few vocations more important than the training of tomorrow's citizens. Mr. Sublett's value in this field is recognized. Through his classes and the supervision of the science club, he has made an unending effort to impart to his students his knowledge of chemistry and his enthusiasm for learning. Well aware of the advancement of science in our times and the ever-changing educational requirements for the scientists of the future, Mr. Sublett is taking a course in space technology at Richard Bland College. In reference to this he stated, "You can never know something so thoroughly that it isn't necessary to stop and think what you're doing."

Mr. Sublett has made Bedford County and Goose Creek famous to his pupils. This is his home, and he has endeared it to all. Perhaps his favorite form of relaxation would be to get away from the "rank smelling pew" of the chemistry lab, buy a "moon pie and a big orange", and watch the cows of Bedford grazing contentedly.

In addition to his other activities, he is also advisor for the senior class. For this he has the gratitude of the seniors. Never too busy to talk with a student, he gives any problem, large or small, his complete attention. He has shown an unfaltering faith in youth, and perhaps it is for this that he is best loved.

With gratitude and affection the 1964 MISSILE staff is proud to dedicate this edition of the MISSILE to a true friend, teacher, and gentleman.

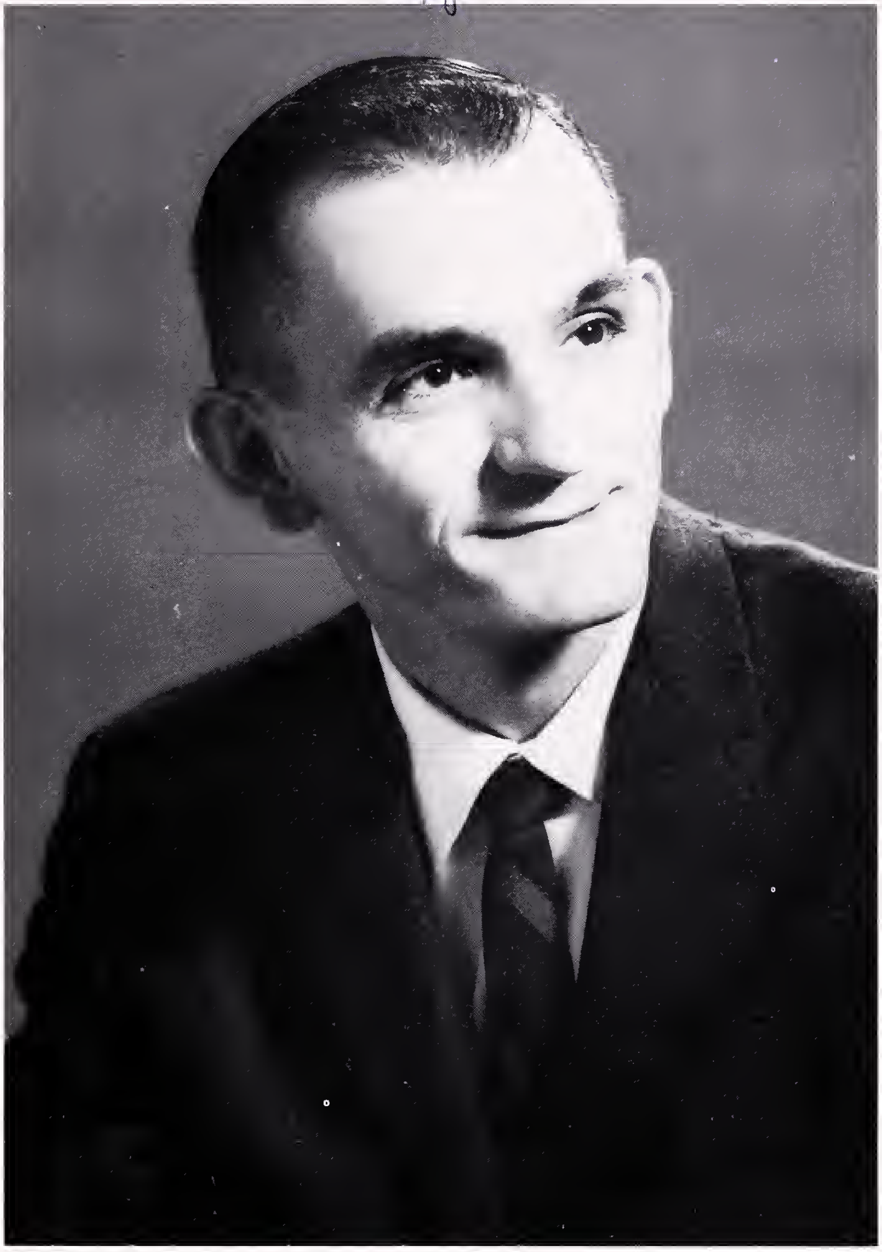
IN DOING COURTESIES

Barbara—
I wish you luck in
whatever road of life
you take! Mr Sublett.



MR. JAMES F. SUBLETT
Senior Advisor and Chemistry Teacher

OUR FAVORITE HILLBILLY

"What is this in my crystal ball?" demands Mr. Sublett.

Caught day-dreaming while selling football tickets, Mr. Sublett wonders if the "catfish are biting on Goose Creek".

Mr. Sublett hands back one of those Chemistry I "lulu's" that everyone was dreading.

Mr. Sublett and Mike Harrison seem to be working hard to get things ready for the NASA assembly.

"Where is the door of the dark room?"

DIRECTORS TAKE FIVE

FACULTY

The directors take a break from the scene for a period of relaxation. Dismally overcast skies did not dampen the teacher's spirits, as they enjoyed their annual picnic in the school gym. This social occasion provides a well earned reprieve from a difficult grading period.

PRODUCERS — THEY RUN OUR SHOW

Good luck + best wishes
Russell B Gill

RUSSELL B. GILL

College of William and Mary
University of Virginia
B.A., M.A.

Action toward a successful climax on the stage of education cannot begin without the guidance of a patient and genuinely interested producer. Mr. Russell B.Gill has been our principal and producer at Petersburg High School since 1943. During this time he has developed the scenes of athletics, learning, guidance, and student activities to their fullest capacity.

As this year is the centennial year of the Virginia Education Association our producer calls to our attention that "it was in Petersburg, the Cockade City, that a group of dedicated educators met a century ago to form an educational association. They pledged themselves to 'create a deep and abiding interest in the cause of education in the state of Virginia'. The soundness of their objectives and the unselfishness of their devotion have had a lasting effect upon education in the Old Dominion."

EDWIN M. BETTS

University of Virginia
B.S., M. Ed.

Mr. Edwin Betts, our able assistant principal, has been connected with the action on our stage since 1953 when he began teaching English, speech, and dramatics. In 1960 he took his place in the producer's chair by accepting the duties of assistant principal.

As a result of his activity in District D of the Virginia Education Association, Mr. Betts is now serving as president of this organization. Commenting on the importance of Petersburg as a member of District D, Mr. Betts states: "District D has long been an important link in the chain of districts that make up the century old Virginia Education Association and Petersburg has long been the stage of District D activities. From this stage the teachers in Southside Virginia have assumed important roles in their professional organizations. We are proud of Petersburg's accomplishments in District D and the Virginia Education Association."

STARS ARE MADE — NOT BORN

SENIORS

The long anticipated moment has arrived. Seniors, clad in caps and gowns, lend an air of dignity to the time-honored setting of Cameron Field. On this bittersweet occasion, the stars take their last curtain call.

Is a star born or made? Certainly he is made, and at Petersburg High, students have unlimited opportunities to work their way up. One cannot become a star in an instant. He must build and build, learning to develop his potentialities from his mistakes and experiences. Thus the stars of the future are molded in high school.

As graduation approaches, the stars experience mingled feelings of excitement and nostalgia. Memories of their four years on stage come rushing back . . . joys, disappointments, anxieties, companionship, meditation, and most important, the feeling of being an integral part of the whole production.

SUPPORTING CAST STEALS THE SCENE

UNDERCLASSMEN

. . "And one man in his time plays many parts." On the stage of Petersburg High School, underclassmen prepare for their future roles by participating in a variety of activities. Acting as supporting cast, they often manage to steal the scene.

Juniors feel their first qualms about college entrance and become aware of the necessity of making more important decisions. The spotlight centers on this part of the cast when they take the stage at the Junior Ring Dance.

Sophomores timidly make their entrances, as yet uncertain about their roles. They experience the beginnings of deeper study and take a greater part in extra-curricular activities. The main project of this class is the Fall Festival weekend.

Taking their cue, freshmen are hopefully looking forward to assuming more responsible roles. They realize that they must set a pattern of study to be followed for the next four years.

New this year are the eighth graders, eagerly watching the show from the wings. They are prepared to assume freshman roles, having picked up pointers from the more experienced players.

Truly, in his time, each man plays a variety of parts, each of which is necessary to the success of the production.

SUPPORTING CAST PRACTICES STAR ROLES

Juniors anxiously await their ring fittings while Linda Phillips and Sandra Avery decide which type they should buy.

Half-way to completion, Juniors work diligently on "their" ring. "This will be the best dance yet", they comment.

"I don't see how 10,000 paper napkins will ever be enough to fill this ring!" This is the classic statement uttered by every member of the Ring Dance Committee.

PARTICIPATION STRENGTHENS PERFORMANCE

Tension mounts as Juniors await the presentation of their rings and the crowning of the queen.

There's Richard —
where's Deanie
With
Bill Lee

As the "big moment" draws near, everyone is excited. However, they manage to appear calm and cool during the ceremony.

Never to forget this night, the Juniors' dance!!

DECISIONS DETERMINE FUTURE CAREERS

Junior Robbie DuPriest demonstrates that he will go to any extreme to sell a subscription to the Missile . . . but a COW . . .?

He's not really going to shoot Miss Evans! . . . Jimmy Farber is only explaining the use of a rifle in 5A English class.

"We've got a team . . .!" Sandra Avery, Ann Bowman, Jeanette Starr, Linda Brockwell, Ann Robertson, and Martha Wilbourne cheer the team on to victory at the first pep rally.

"WHOOPS! They've polished the floors again," exclaim sophomore boys departing from class.

Identifying fellow classmen are Ann Mann, Donnie Lamb, and Rose Ellen Stewart.

"This Homecoming will be the best ever," say committeemen Bill Short, Louis Levitt, Dottie Long, Mary Prince, and Bill Pritchett.

CLASS TRAINS TO BECOME TROUPERS

The mass confusion in assembly is the result of the latest issue of the **Review**. Sophomores enjoy reading the school news.

"Will that bus EVER come?" . . . Sophomore boys wonder if it has forgotten them.

"No, I'm afraid you're wrong, Herbie," Mrs. Ellis answers. "The Romans did NOT speak Greek."

WORK LIGHTS BURN AS PLAYERS LEARN

Sophomores are an important part of the school, for they add much to school life.

This year they took charge of the "Fall Festival" which was formerly called "Homecoming". This consisted of electing a "Fall Festival Queen" and the sponsoring of the "Fall Festival Dance".

All of these were a tremendous success and were enjoyed by all of the students.

For the first time the dance was held in the gym. Everyone said that this helped it to be an even greater success. Hats off to our Sophomore class for a job well done!!

Sophomore conversation in the halls before school can be interesting. It can include boys as well as football games!

Who said that diamonds are a girl's best friend? These sophomore girls seem to think that their best friend is the telephone!!

WALK-ON PLAYERS AD LIB

Mrs. Syme discusses some of the finer points of basketball with her girls' physical education class.

Eighth Graders Barbara Daub, Leslie Becker, Jimmy Crowder, and Phillip Greene assist Margaret Kirkland and Anne Rogers in identifying their class pictures.

Eighth Graders get into the Christmas spirit by putting up door decorations. They also have charge of the School Beautification Project, which was formerly a project of the S.C.A. The last Shrub Day was a great success.

SHOWMEN SHINE BACKSTAGE

The Interclub Council, presided over by Lorraine Shaban, discusses the Hootenanny—first new project for 1964.

ACTIVITIES

During a student's high school career, there are many different roles that he must play. By assuming several of these, each person can find the one for which he is best suited. There is much opportunity to find satisfaction by working backstage through the countless activities organized to promote interest in particular fields. Students can further their interests and abilities through the publications, dramatics, the Science Club, pep clubs, language clubs, clubs for students taking business courses, band, and Glee Club. Innumerable opportunities are offered for students who really wish to enjoy and benefit from their four years of high school. The activities create more interest in school life, add vitality to the routine of classes, and promote school spirit.

STUDENT CO-OPERATIVE ASSOCIATION

At the beginning of each semester, both a representative and an alternate member are chosen from each homeroom to serve on the S.C.A. These students are responsible workers who undertake the task of assisting the faculty and administration in making the program at Petersburg High School run smoothly.

The role of representative is an important one in that he is the one who must present suggestions from his homeroom to the entire S. C. A. and see that these projects are acted on satisfactorily. Many occasions call for these capable student directors to take the initiative in order to gain the support of the student body.

This year's Student Cooperative Association's projects include Friendship Week, Shrub Day and the Hootenanny.

FALL SEMESTER

The "little cafeteria" is the scene as Bill Pope makes his point in a typical S.C.A. meeting.

ASSUME LEADING ROLES

SPRING SEMESTER

President Mike Harrison discusses Friendship Week with the S. C. A.

"Nobody loves me, everybody hates me, goin' in the garden eatin' worms," sings Anne VanWagoner demurely.

"Well, it looks like gold," exclaims Dolly Williams to the volunteer garden crew.

The Shrub Day Planning Committee meets in the S.C.A. room to discuss green thumbs and also flowers.

NATIONAL HONOR SOCIETY

The Petersburg High School Chapter of the National Honor Society was organized in the spring of last year. The group is composed of members who agree to uphold the standards by exhibiting the qualities of character, scholarship, leadership, and service for which the National Honor Society stands.

Although this year was the club's first opportunity to serve behind the scenes, the members have established several projects for the purpose of assisting with the activities at their school. The organization provides ushers for school functions and also acts as the official reception committee whenever visitors are expected. Assisting the eighth graders in getting acquainted with PHS is another duty of the National Honor Society.

Membership is based on character, leadership, and service as well as high scholastic average which must be maintained in order to remain in the organization.

QUILL and SCROLL

Chosen for outstanding journalistic achievement, the dedicated playwrights of our P. H. S. stage devote much time and effort to produce an excellent script, thus insuring a more successful production. Juniors and seniors in the upper one-third of their class, who are recommended by the faculty advisors of the publications are invited into the D. Pinckney Powers Chapter of the international honorary society. Members strive to relate their true ideas in every act and scene, endeavoring to give the actors only the proper cues, and never failing to remember that the pen is indeed the tongue of the mind.

MISSILE BUSINESS

Each year the **Missile** staff works continually to produce a panoramic view of Petersburg High School which will be a source of fond memories to all who have been a part of their high school cast.

Serving as a guide to student activities, the **Missile** places every scene of school life "on stage."

Membership is on a volunteer basis. Although spare time is scarce, the entire staff agrees that "there's no business like show business except **Missile** business!"

REVIEW

Our newspaper, the **Review**, is published entirely by the students themselves. Its purpose is to entertain the student body by keeping everyone informed on events concerning Petersburg High School.

"A cast of thousands" is involved in covering club activities, individual achievement, alumni reports, editorials, and sports. Frantic typists, proofreaders, and photographers rush to meet the necessary deadlines in order to put out a newspaper which is rated highly by SIPA and the Richmond journalism clinic.

The **Review** staff is composed of interested students who work with diligence and efficiency in the area of their choice.

MONITORS

For a production to be successful, there must be a wide variety of workers. Among these the stagehands are a prominent group. They are responsible for the backstage action which must run as smoothly as the play itself.

Monitors have varied duties, all of which help to develop discipline throughout the student body. They are stationed in the halls during class change to help avoid congestion. Another of their daily duties is to keep order in the cafeteria at recess. On the days that assemblies are scheduled, monitors are busy directing classes to and from the auditorium.

Members, chosen on the basis of grades and courtesy, are selected by Mr. James Jean and Mr. Edwin Betts with the approval of the principal, Mr. Russell Gill.

A group of qualified technicians is an essential part of every stage. This club not only provides more interesting material for the direction of classes, but also renders a welcomed service to the faculty.

Anyone may become a member of the projection crew. However, a training course under the direction of Mrs. Lucretia Litchfield must be successfully completed in order for one to be considered familiar enough with the mechanics to operate projectors in the classroom.

LIBRARY HANDS KEEP EXTRA SCRIPTS

Books, which contain many untold tales of our past, present, and future, are well cared for by the efficient librarians.

LIBRARY STAFF

The members of the library staff fulfill certain capacities necessary to the scholastic enlightment of the pupils. Among their duties are a bi-annual inventory, and the jobs of stamping passes, checking out books, and keeping the shelves in order. These students must perform efficiently to insure the smooth operation of the library. They are often called upon to solve the "Riddle of the Missing Book or Card" and should be recognized as valuable participants in school life.

GOLD BLAZERS

A flash of color strikes the stage and filters through the audience spreading school spirit. These are the girls of our pep club—Gold Blazers. The purpose of the organization is to promote school spirit, to help in teaching yells and songs to the student body, to encourage participation and attendance at all school activities, and to serve as an organized cheering squad for the cheerleaders.

The 1963-1964 Key Club Sweetheart, Pam Edwards.

KEY CLUB

"We Build"—the motto of the Key Club guides its members as they seek to build both their minds and their character. The club, sponsored by the Petersburg Kiwanis Club, is primarily a service organization which aids not only the school, but the entire community. This year they have undertaken several projects — soliciting donors for the Bloodmobile, parking cars at teachers' meetings, and selling candy.

During the fall semester it is customary for the boys to choose a sweetheart from the junior class to represent them. Varsity cheerleader Pam Edwards is presently holding this honor. She was chosen by the entire club on a basis of character, leadership, and personality.

Key Club membership is limited to sophomore, junior, and senior boys who have demonstrated the qualities of citizenship, leadership, character and sportsmanship. New members are nominated by the group and approved by Mr. Gill and a selected faculty committee.

FRIENDSHIP AND SERVICE

SOCIAL CLUBS

These "ladies-of-the-stage" show the friendship and render the services for which the three social clubs are noted. Membership is obtained in these clubs by individual invitation approved by the members.

"Odd Girls!?" This is the reaction of most students when they discover what O.G. stands for. However, it is much more than just an "odd" name. These girls visit the city home each year during the Christmas season where they distribute gifts and bring cheerful greetings by singing carols. The Odd Girls also contributes a painting of an historic Petersburg scene.

Goober Pep also has a project which is continued from year to year. The girls award the Mary T. Perkins Latin trophy to an outstanding third or fourth year Latin student. In addition to this the club hopes to get an approval on the purchase of a new flag pole to be used for the state flag.

Another of our social clubs which completely defies every plane geometry theorem is the Square Circle Honor Society. Though the members are not "mathematics students" they are interested in promoting service for their school.

The "Snowball" dance was organized by the club and all proceeds were given to the band's new uniform drive.

Members have been brought directly to the scene as they have viewed slides contributed by interested students. Mary Lou Nobles, a P. H. S. graduate who studied last year at the Sorbonne in Paris, presented to the group a panorama of life as a Parisian. In addition to these activities, a French Club banquet is planned for the late spring, at which time the new officers will be announced.

SPANISH CLUB

After several years absence from the pages of the *Missile*, the Spanish Club of Petersburg High School is here once again. The purpose of this club is, as is the purpose of all clubs of this nature, to instill in its members a warmer feeling toward their "second" country with a better understanding of its language, customs, and people. As Jonathan Swift once said, "Language is the archives of history." Without it, man would be in a barbaric state.

The Commercial Club was organized to provide an enlarged opportunity for commercial-student participation in school and social activities. Its membership is open to all business students who wish to gain a wider knowledge of the business world. The girls who belong to this club work to perform special services for the school and its teachers. As one of its regular duties, the Commercial Club keeps the first floor bulletin board up to date on school activities. The club's project for this year is to raise money for a new set of letters to aid future members in performing this service. In order to achieve this goal, the members have undertaken the selling of Petersburg High School stickers, and participated in selling cokes at the Hootenanny.

DISTRIBUTIVE EDUCATION

The Distributive Education Club receives only a small billing, but prepares its members for an important entrance into the business world. Although membership is not compulsory for students enrolled in the DE course, it is recommended that they participate in the club. It offers additional professional training and is considered to be a part of the DE curriculum. Since the students must be employed during the afternoon hours, their time for outside activities is limited. The DE Club provides leadership opportunities as well as extra-curricular activities for these students.

The meetings are of a different nature than those of other P. H. S. organizations. Each month this professional club holds a breakfast meeting and programs consist of speakers from the field of retailing. Several outstanding guests this year were Mr. Thomas Berry, Personnel Manager of Sears, Roebuck and Co., and Mr. Roy Buckner from the School of Distribution at Richmond Professional Institute.

Schools throughout the state participate in the district, state, and national Distributive Education Contest. Petersburg students rate highly in the competition which includes salesmanship, advertising, interviewing, and judging of display windows. The club also sends two delegates to the Virginia DE conference which is held in Richmond annually during the month of April.

Perhaps the most anticipated event of the year is their spring Employee-Employer Banquet to which the members of the club invite their employers.

ART CLUB

The backdrops and scenery involved in a play, the balancing of color on stage and in costumes —all are related to art. This club, composed of artistic students subject to the approval of the sponsor, Mrs. Lou Musgrove, is one of the new organizations at P. H. S. this year. It has brought art out of the classroom and into the life of the school. Making numerous posters for various school activities and composing such unique and colorful curiosities as "Happy Halloween" cards are clever examples of its efforts. Beneath this visible activity and spirit lies the hope that the Art Club is developing a better and more complete understanding of the basic fundamentals of art and design.

DRAMATICS CLUB

The success or failure of a play can be attributed to the cooperation and industry of the actors, narrators, and stage crew. The amateur stage hands and performers of the Dramatics Club have presented several one-act plays and speech contests which have contributed to the appreciation of the dramatic arts at P. H. S. Sponsored by Mrs. Anne Abernathy, the club is composed of students interested in dramatic or forensic activities.

President Barbara Kaplan leads the club in a discussion of their next play.

Oh, really!

GIRLS' GLEE CLUB

Music has been the basis of many a theatrical production. "With a song in their hearts," the talented girls of the Glee Club, under the capable direction of Miss Crystal Diehl, have brought enjoyment to the adults as well as the students of this community.

The Girls' Glee Club is a group of talented students devoted to the appreciation and better understanding of music. These girls devote much time and effort to the annual Christmas and spring concerts.

Members are chosen through competitive try-outs each fall. There are now approximately forty-five members.

MAJORETTES

Down the field, stepping high, the perky majorettes always rate applause. With batons twirling vigorously, these lissome girls lend "on location" luster to the scene, whether they are leading the P. H. S. marching band at football games or in parades, or stimulating school spirit at the pep rallies.

The squad consists of eight regular majorettes and two alternates, who are selected by Mr. Stronach and the officers of the band by competitive try-outs on performing ability, personality, and charm. These girls spend much time working with the marching band to insure a perfect performance.

The pep band plays, the majorettes strut, and the crowd cheers.

By January the group has completely transformed itself into the concert band seeking to master a variety of music for the annual spring concert presentation. Also of this nature is the Varsity Band composed of approximately forty concert members selected on the basis of ability. They perform at such events as the District D teachers meeting and the Christmas assembly. An Intermediate Band has recently been organized to accommodate eighth and ninth graders. Throughout the year the band seeks to serve its school as the musicians themselves benefit from hours of hard work in routine practice sessions. Bandsmen have staged a successful campaign in order to secure new uniforms. Their versatility has been demonstrated in the production of two records.

SPORTS

The spotlight is on sports at Petersburg High. School spirit soars high as the spectators share in the team's victories and defeats.

The athletic program of the school is well rounded, and stresses teamwork and sportsmanship. In sports, team members find valuable preparation for their roles in life. They gain a greater understanding of the principals of honesty, loyalty, responsibility, and friendship.

The coaches of P. H. S. inspire their teams to play to their fullest capacity, doing their best for their Alma Mater. They take a genuine interest in each student as an individual, as well as a member of the team. The development of the boys' athletic abilities is in capable hands.

GOLF

The winning of the Central District Title for the second time in the past four years, an impressive twelve and two record, and a very commendable fifth place finish in the Virginia High School Golf Tournament were just a few of the many laurels won by the 1963 Petersburg High School Golf Team, coached by Mr. Robert Budlove.

Despite the fact that the Wave compiled a 12 and 2 record, they did not win the district championship until their final match against second-place finisher Douglas Freeman and Thomas Jefferson. By virtue of their two victories in this meet, the Big Red won the title by percentage points.

In May, four representatives of our golf team participated in the state golf tourney at The Chantilly Country Club in Falls Church. Out of thirty-seven entries, this PHS delegation — Captain Sonny Richardson, Terry Lescure, Dick Turner, and Daryl Homer — placed fifth, only fifteen strokes behind victorious Jeb E. Stuart High School of Falls Church. This is definitely a great accomplishment and the best finish ever achieved by a golf team from this area.

The team was led by Sonny Richardson and Terry Lescure. Other lettermen were: Richard Turner, Daryl Homer, Grey Jennings, Bo Pegram, and Michael Diamond. Also participating on this team and returning are: Ronnie Talbott, Glenn Phipps, Roy Stillerman, Billy Pope and Louis Levitt.

TRACK

The 1963 track team had in the won-loss column an unfortunate year, but individual performers came through to establish five new school records. Lack of depth and participation were two factors which accounted for the losing season.

On the bright side of the picture, the Wave had many tremendous performances. Jimmy Moneymaker compiled numerous points in a number of meets with victories in the broad jump, high jump, 100 and 220 yard dashes. As a senior he finished his career with a fantastic high jump of 5 feet 11½ inches to establish a new PHS record. Mike Harrison, another Wave senior, set the pace with a new mark in the low hurdles. Buck Maddra, one of the tri-captains along with Tommy Jones and David Griffin, broke his own record in the discus. In distance running, Skip Roberts, a junior, had a fine year. Skip was undefeated in the regular season in the mile and went on to take a second in the district meet, losing by only a second to Lane's Phil Moore. Roberts set new records in the mile with a blistering 4:30.5, in the 880 with 2:06.8.

The Wave received much support from senior lettermen Jones, Maddra, Griffin, Moneymaker, Bill Aden, Mike Harrison, Gary Bokinsky, Amiele Barakey, and Bucky Mitchell who turned in their final performances for the Crimson cindermen.

Many underclassmen aided the cause of the Wave as Roberts, Tommy Ruffin, and Melvin Belcher lettered. Others who scored valuable points but didn't gain enough markers to letter included Richie Daub, Scott Curtis, Bernard Wray, Ricky Moss, Robbie Harrison, Mac Graham, and Elvin Coudle. These boys will form the nucleus for a Wave team that will definitely prove itself to be one of the District's best.

VARSITY BASEBALL

Although the 1963 Crimson Wave Baseball Team closed the season with a 5-9 mark, the record does not indicate the real potential of the Petersburg team.

One of the best games of the 1963 season was played by the Wave when they met Manchester Lancers. Manchester won this one, 1-0, by pitching a no-hitter against the Waves. Petersburg pitcher Howard Jones hurled a two-hitter in this game, and not an error was made by the Wave, who were edged out despite a fine effort. The Wave came up with a romp over Thomas Jefferson, 20-0, and beat Hopewell twice to end the season.

In batting, the Wave was led by Ronnie Stewart and Benny Hicks, while Howard Jones, Richard Ramsey, and Bobby Harris came up with fine pitching performances. Jim Rosenstock, Buddy Williams, Danny Wells, Robin Worth, Joe Hoppe, James Ruffa and Forrest Tucker made up one of the finest defensive teams in the Central District.

The Wave will lose the pitching of Jones and Ramsey, along with the hitting of Rosenstock, Hicks, Williams and Wells. Returning will be Bobby Harris, who should develop into one of the District's finest pitchers, Robin Worth, Joe Hoppe, Ronnie Stewart, James Ruffa and Forrest Tucker who will make the up-coming Wave hard to beat.

JUNIOR VARSITY

A won-lost record of three wins and five losses was complied by the 1963 Petersburgh High Junior Varsity baseball team, which, at times, showed itself capable of playing excellent ball.

The 1963 season was the second consecutive year that the J.V.'s have played under the guidance of Mr. Hubert Payne.

Since the function of the Junior Varsity is to prepare players for the Varsity by giving them game experience, the season was a definite success. Evidence of this was the fact that the Baby Wave played their best ball at the end of the season, showing great improvement over their earlier games, when they lost three in a row, one of which was a 1-0 heart-breaking loss to the Thomas Jefferson J.V. Squad. They ended the season by scoring a 3 to 1 victory over the Highland Springs J.V.'s, who had gone without a defeat in their previous 8 games.

An odd note of the season, but one which spoke well for the J.V. team, was a 9-9 tie with the Midway Varsity, which was forced to rally for 3 runs in the final inning to tie the game.

There were several stand outs on this year's squad who contributed much to the Wave's cause. Tommy Watkins led the pitching staff with a 3-2 mark, striking out 49 batters and giving up just 12 earned runs in 36 2/3 innings. Harry Marsh and Jimmy Jacobs led the batting attack with averages of .409 and .304 respectively.

VARSITY FOOTBALL

This year the Petersburg High School football team compiled a fine 8-2 record in the tough Central District. This success, which gave the Crimson Wave a ranking of 9th in the state, a tie for second place in the district standings, a Tri-City Championship, and the best record since 1946, can be attributed to two things: a tremendous coach and a team that never knew the word "quit".

Coach Bobby Tyler came to PHS as head coach to try to rebuild a faltering football record. Along with Coaches Norman Jenkins and Hubie Payne, he instilled football knowledge, aggressiveness, and a sense of fair play.

The Wave team was so well-balanced that no one person ever stood above the rest. Every game was a tremendous team effort. The backfield, which scored most of the team's 203 points, was led by co-captain Richard Ramsey, Forrest Tucker, Frankie Durham, Bill Hudson, and Bobby Erb. The offensive and defensive lines earned the reputation of the "hardest hitting squad in the district." On offensive they opened the holes for the big Wave backs and on defensive allowed only 87 points to be scored. The "bulls" in this department included: co-captain Mike Harrison, Scott Curtis, Joe Hoppe, Robin Worth, Les Ridout, David Gill, Bill Pritchett, Carl Jones, Tommy Ruffin, Shelly Newton, and Steve Sheffield.

The team, behind several times by as much as 20 points at half, always roared back even stronger and fought with poise to the last whistle.

VARSITY BASKETBALL

The 1963-1964 Crimson Wave basketball team finished the regular season with a record of eleven wins and five losses, the best achieved by Petersburg High School in several years and sufficient for fifth place in the difficult Central District.

This was a team whose hustling play caused it to be respected throughout the District and one which could have finished in third place in the standings with the benefit of a few better bounces of the ball. The Wave lost two games in overtime, one to Hopewell in the season's opening game and the other to John Marshall, a team which defeated Petersburg twice during the regular season and a third time when they eliminated the Wave from the Central District tournament in Richmond. The only other losses suffered by the team were to District champion Manchester by margins of only eleven and six points.

On the bright side of the ledger the Wave defeated Colonial Heights twice to make it a clean sweep in sports this year over Petersburg's newest rival. Also, they romped over Hopewell by a fourteen point margin in the second meeting of the teams.

In these and other victories the team was led by Carl Tobias, whose 16.8 points per-game average was highest for the Wave, and James Ruffa, who reached his peak toward the end of the season when he almost single-handedly led the Wave to victories in several games. Ruffa, Tobias, Joe Hoppe, and Freddie Feil were the Wave's most consistent rebounders. Robin Worth and Morty Rudnick were fine cornermen while Butch Brantley, Robert Moody and Jim Jacobs handled the backcourt chores. Others who saw action included Jim Farber, H. L. Parrish, Dan Murrell, and Ronnie Talbott.

This year's team loses only three players due to graduation. These are Carl Tobias, Joe Hoppe, and Robin Worth. The rest of the squad returns in addition to those up from Coach Hurbert Payne's outstanding Junior Varsity.

CONSTRUCTIVE YEAR FOR WAVELETS

GIRLS' SOFTBALL

The Petersburg Wavelets finished their 1963 softball season with five defeats and no wins. A sixth game was cancelled because of rain.

Despite a disappointing record, the girls' softball team demonstrated determination in the initial game of the year with Thomas Dale. Those receiving recognition either in the form of first year letters or awards were: Peggy Perkinson, Dixie Winn, Becky Ivey, Faye Mariniak, Anna Messina, Ann Mauk, Bonnie Hill, and Cathy Clarke, manager for her second season. Betty Neal, Janie Teffler, and Catherine Nobel, also returning, received their second year awards, and Margaret Vaden, her third.

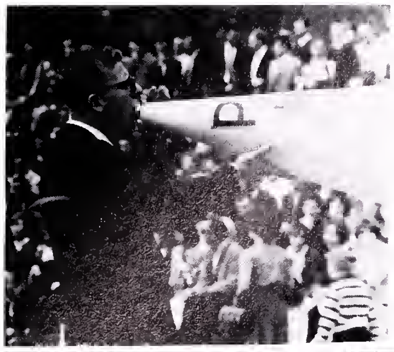
VARSITY CHEERLEADERS

"Cheering, fighting for no less—Victory! Victory P. H. S.!" It seems that the Varsity cheerleading squad will settle for nothing but the most spirit they can arouse over each rival as they induce the sports fans to yell wholeheartedly for their team. Their pep and personalities filter into the audience bringing about often overwhelming support from the enthusiastic crowd.

They have achieved through their ingenuity the originality which makes cheerleading a talent as well as a rewarding service. Try-outs, held in the spring, enable the girls to devote additional time to practicing before the greatly anticipated football season opens.

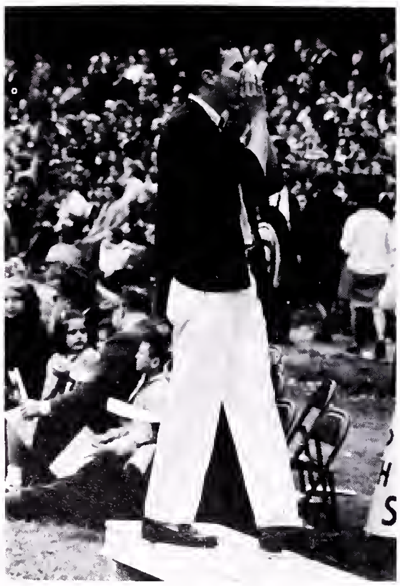
GO! FIGHT! WIN! WAVE!



Skipper Roberts emphatically informs the crowd that "We've got a team!!!" If they can't hear him, he'll yell a little louder!!

Harrison Finney and Bud Syme encourage the crowd to "Give 'em a yell!" as Susan Hanzlik adds her voice to the cheering at an impromptu pep rally during recess.

"But what if we don't win?" asks Susan Hanzlik. "That's silly, of course we'll win!" shouts Elizabeth Wills, as Bud Syme and Linda Rubin watch the game.



"Okay now — all together WHO'S GONNA' WIN??" shouts cheerleader Harrison Finney.

"Gooooooo Wave!!" The Varsity cheerleaders put some "oomph" into their cheer.

Barbara-Lynne,
If you think for one instant that in this letter I might say something kind - - - - forget it!!! I've only been acquainted with you for 2 yrs. (— enemies for 1½), but I really do find that you have a few admirable qualities worth writing down so that your [illegible] ______ noun pl. (I almost said children.) Sorry!! can see what a nice girl—you really were. [Past Tense].

Oh, fiddles wasted!
Let me start over.

TRY ME GROCERY

Barbara, I know what an experience knowing me has been to you. I only hope you have profited from it. You know you are far better off now, for having known me, but I think that anyone reading this might think I'm a bit modest, so I shall cut this vein of conversation. Remember the time when you visited Christ + Green at 12'. Wasn't it "neat," and thats what I hope happened. Remember my party and the tremendous hole in your knee! Wow!—that was really a gasser - - - - — — — - - - - . (Giving it to everyone) — not really (???)

I'll never forget your piano playing—that is really a ^.

Doesn't this sound like small talk!!! I don't want to say too much, because we get our 1965 Missiles next week and therefore I want to save all my "Expert" little sayings till then.

CONGRATULATIONS, GRADUATES!

Although now you are graduates, you can do a great service for the rest of us, if you never cease to be students — looking for opportunities and ways to cherish the American system of free enterprise and to improve the American way of life. You can be thankful for free schools in a country where you are free to worship and work and think and talk as you please. This is your heritage from the people who built America.

THE FUTURE is pretty largely in your hands — you must be vigilant and active to combat the evils of socialism, government domination of private industry, and all the "isms" that destroy democracy. We depend upon you to do a good job.

The Petersburg and Hopewell Gas Company

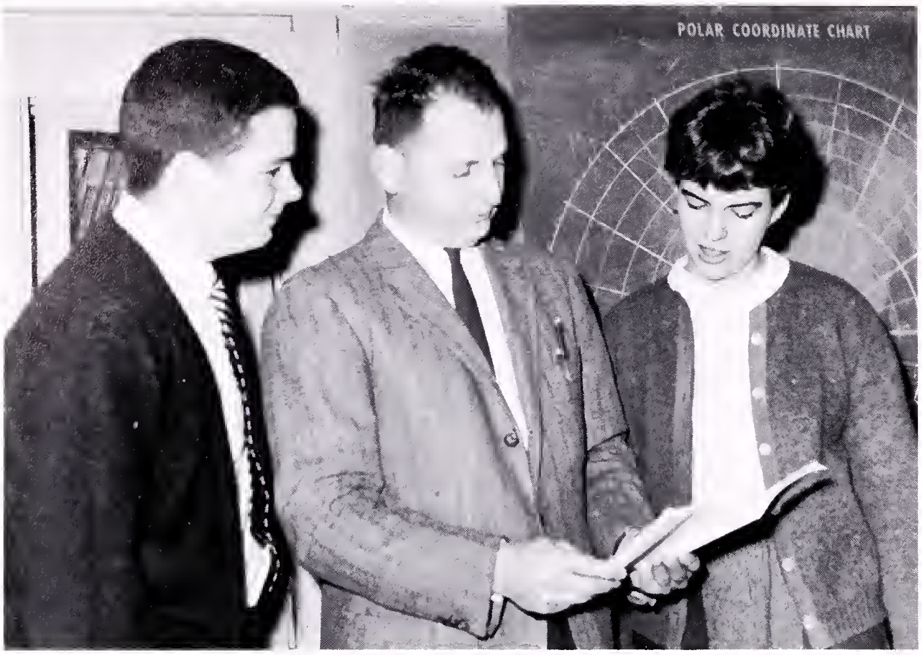
GOOD GAS SERVICE MAKES WARM FRIENDS

REMEMBER: MORE PEOPLE IN THE TRI-CITY AREA HAVE "GAS"

Mr. Alexander: "Accuracy is the key word to business procedures."



This year the business staff has done a very outstanding job of securing advertisements for the **Missile.** The students on the staff have accumulated over two thousand dollars in ads, a feat that has never been accomplished in past years. In an effort to give special recognition to this year's advertising staff, their pictures have been placed throughout the ad section of the annual. At this time the business manager of the 1964 **Missile** would like to express his thanks to Phyllis Andrews, Mary Hill, Travis Keeter, Robbie DuPriest, Roxie Eurie, Dana Poarch, Anita Orlow, Karen Hersh, Janice Dyson, Bud Syme, Milton Rose, Tommy Perkins, Tommy Coates, Les Ridout, Penny Dudley, Sharon Richardson, Donald Spero, Gwen Ozmar, Anne Van Wagoner, Syd Mayes, Billy Pope, Bets Roper, Laura Liskey, Margaret Kirkland, Michael Barney, Grey Jennings, Louis Levitt, George Hamovit, and Scott Curtis, the Assistant Business Manager.

Roy Stillerman,

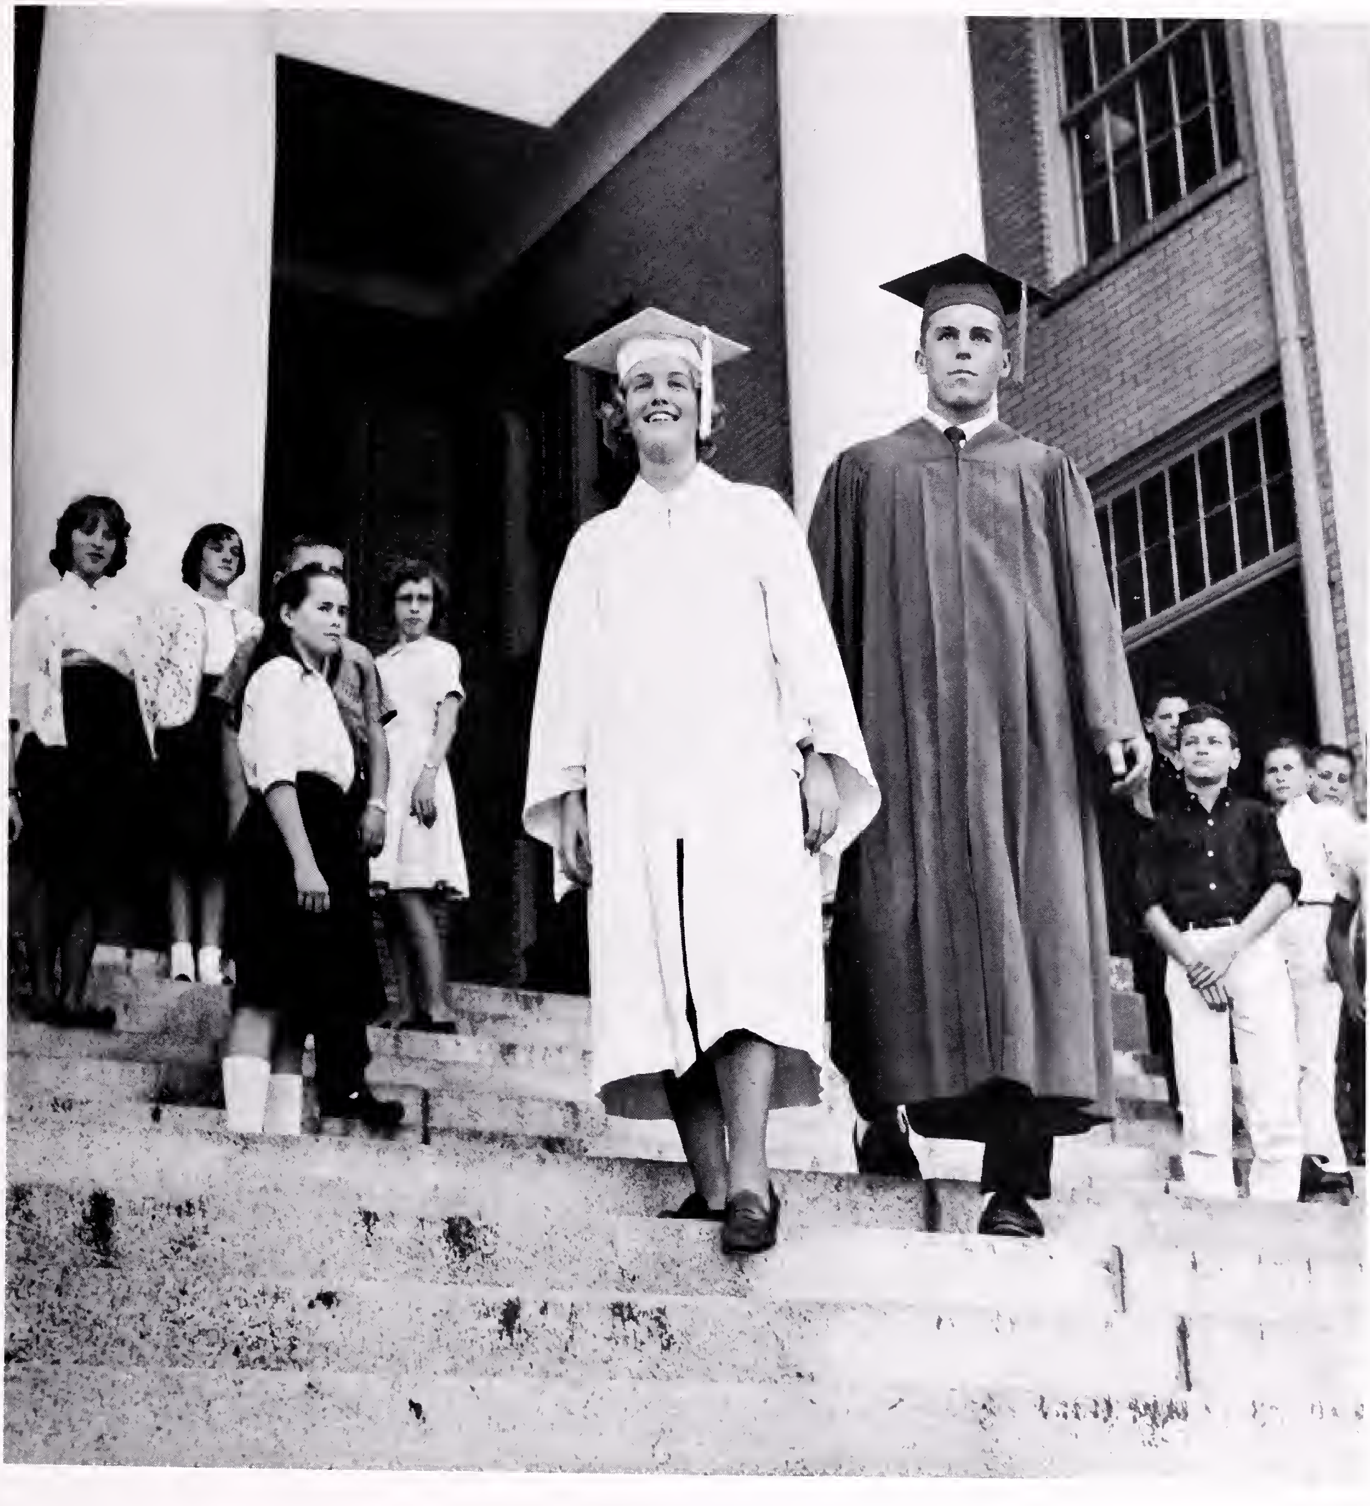
THE CURTAIN FALLS . . .



CONCLUSION

The Curtain Falls . . . A successful year has been completed. The now well-oriented eighth graders are ready to assume more responsible roles, as the seniors leave to take their parts on the stage of life.

To a very sweet girl that talks very much (but I like it). We have had a lot of fun together; both in G.S. and school. I hope we have just as much fun again next year.

Love ya,

Sylvia Ann

Best of luck in the future.

Robbie

Good Luck and Best of wishes in everyth you do or attempt.

Gerald

Good luck in the future.

Randy

Best of luck to one of the smartest girls I know! always remember Mr. Miller and this crazy English class! As you look back through this year I hope you will remember it as one of the best in your life! Be good and I know you will succeed in everything that you do.

Love Ya!

Nancy Adams

P.S. As mister miller says "Better Luck"

Good luck to one of the nicest girl in school. Best of luck in all that you do. Remember all the funny in Mr. Millers English class. I know you will succeed in all that you do.

Bill Lee

Barbara

Best of luck to a friendly person. Mr. Sublett may not have much faith in you, but remember there are others who do.

Love ya?

Barbara,
Best of luck in
the future to a very
sweet and adorable young
lady. Don't forget homeroom
and our many problems in
chemistry. I feel certain
you will succeed in the
future in whatever you
endeavor.
Love ya,

Barbara,
Best wishes to you
and some advice;
Develop your self-confidence:
and try to work more
independently. Your efforts
would be more appreciated.
Keep reading good books.
I hope you continue studying
languages. I appreciate
your friendliness and humor.
Good luck in college.

Barbara,
To go with all
the rest of your letters,
I'll contrast mine by mak-
ing it short. Remember that
great play that we were in to-
gether and all those trips for art and
dramatics that we went on. I'll never for-
get that last art club trip that I rode with
you and your mother, it was great fun. Barbara, with
your gift-to-gab (no insult intended!) you'll do great
in anything you ever do. Good luck (bonne chance)!

John McCall

Dear Barbara,
I am certainly going to
Remember all of our class
we experienced in Art II
class V period. It was
a lot of fun though, it
really was — I think you
ought to pursue art as a
career — you would make
a divine artist, make
a decorator. Oh well
it's all up to you.
Be good, and
if you can't be
good, be careful.

Barbra,
Don't forget the great
times and discussions we have
had in Art class. I have enjoyed
knowing you. your a real sweet

Luff Ya,
Judi Ann Hill

Barbara,

I won't wish you good luck because you have allready got everything but luck, and it's not fair for one girl to have everything. In a more serious vein, I hope you will always retain your good taste in music + piano players. Whenever you want to hear "In a Persian Market" just drop by my house and I'll be more than happy to throw you out. (That's a joke, Barbara).

Remember all the fun we've had (if you can remember any — tell me about it!) in school. I guess I wasn't such a bad lab partner after all — you would have done quite nicely, probably. Thanks for all the pencils + moral support. Don't go to sleep too much, while you're making spaghetti especially. Think kindly of Miss Dunn + say a prayer (Jewish + not in school) for ~~we~~ (us) who are taking 4th year. Miss Dunn really loves you.

As for the future, I hope we will always be acquaintances (another joke) — I hope that your ambition will be fulfilled — becoming a blind, Jewish nun.

Remember Betty's slumber party, the charades, my lovely voice, Robin's poor taste in music, and most of all — the girls! If any policeman stops you — you know what to do. You are a sincere, if foolish, girl (and by this I only mean it's foolish to be sincere — I ought to know.) Stay the way you are — we need people like you.

I think Betty is mad at me — it's worth it: didn't we have fun? Miss Robinson thanked us for the flags. I know you'll always be a loyal friend (proper spelling!) and I hope we'll always be people, but I doubt it. Don't fall asleep reading this.

J E B

Barbara —

Since I'm the most interesting person I know, what I say here will undoubtedly find its way into the hands of some renowned N.Y. publisher; therefore, I will keep it clean, almost english, and grammatical. * * *

Would I have found Barbra Streisand, "The Barber of Seville", and my own great artistic talent without you! Would you have discovered chess, [illegible], and beautiful violin music without me! _Never!_ That's why we're such good friends. What we know together would fill the _Encyclopedia Americana_, the _Encyclopedia Britannica_, _the World Book Enc._, and _Webster's Unabridged_, with a little knowledge left over to put into _Mad_, "Time" and "Glamour" (next year we'll each be one of the ten best-dressed).

We've done so much together that it's hard to remember it all (maybe it's because we haven't done anything?) At any rate →

"Dedicated to Simon & Schuster — 1967.

DEAR BARBARA,
You have the privilege of an illustrious autograph. Bellie

when we both become rich and famous we can sell our recording of "Lida Rose" and our batiks to some worthy museum. (NY Met?)

So — from a great violinist, writer, smoke-stack, dancer to a great painter, actress, singer, talker — may you be almost as successful as I'm going to be!

Diane

Barbara,

Finally, here I am! Aren't you privileged to have me sign my name to so unworthy a yearbook. Now that I've hamed it up good I'll be short and sweet.

Its been great knowing (I hope it will continue so) and tolerating such a noble actress as you (and may you someday fulfill that title). If you decide upon Mary Washington it will be great to have you up there; otherwise perhaps we can stand the loss of you. Either way good luck to you in everything.

Remember dramatics and art club; Bettie and Mimi; John and me. Don't worry if P. H. S. has no three act play; at least we tried. Do well this year. Say "Hello!" to Uncle Tom and Prof. Alexander. Be good or at least be careful.

Love always,
Edith
